To Whomsoever It May Concern

We are pleased to acknowledge that **Subhanu Halder**, a **Ph.D. Scholar** at the **Indian Institute of Technology Delhi (2021EEZ2381),** from the **Department of Electrical Engineering**, has made valuable contributions to the **Department of Computer Science & Engineering and Department of Computer Science & Engineering (AI and ML)**.

He actively assisted in organizing and conducting a **"Hands-on Workshop on AI and Machine Learning"**, held from **14th February 2025** to **9th April 2025**, contributing a total of **36 Hours of service**.

During this period, **Subhanu Halder** led tutorials and hands-on sessions, focusing on both the mathematical foundations and practical applications of machine learning, all conducted in offline mode. His enthusiasm, diligence, and supportive approach were well appreciated by both faculty and students.

We sincerely commend **Subhanu Halder** for his meaningful contributions and wish him continued success in all his academic and professional endeavors.

Sincerely,

Prof. Brij Mohan K Prasad
Director
Dronacharya College of Engineering,
Gurugram, Haryana, India
